

# Product Datasheet - Thermosaver Compression bag

Manufacturer: Thermosaver AS

## Product Description

Compression bag made for Thermosaver Hypothermic Rescue Bag.

- The compression bag has the same material as the outer layer of the rescue bag itself, water-repellent polyester and comes in both hi-vis yellow and grey.
- The bag has three tightening straps to compress the bag to the maximum.
- There are handles at both ends to get the rescue bag out and in use as quickly as possible.
- The compression bag also has a shoulder strap that makes it possible to have the rescue bag on your back.
- The bag can be used several times and can be recycled.
